

Hi Jason:

I just wanted to email you and THANK YOU for what an awesome job the guys are doing thus far!! We are so impressed with how fast they've been working and we are so appreciative of that. Jamie has done an excellent job for us ... we've been a little wishy washy on a few things, and he's been very patient with us. The windows are already keeping our house much quieter than we've ever known. I'm loving everything so far!! We really picked a good team to work with.

Continued success to Ispiri,

Jodi
