Woodbury, MN, February 25, 2008 - Ispíri (the Italian word for "to inspire"), is a full-service design, build, remodel firm that has developed a strong foothold on the remodeling market in the St. Paul suburb of Woodbury, Minnesota. They are now expanding their coverage area to include Edina. They handle a variety of projects ranging from kitchens, bathrooms and lower level finishes, to additions, whole home remodels and new construction. In-house design creates a seamless one-stop experience for clients.

Caroline Lese will be the design consultant responsible for this new area. With an interior design degree and years of experience designing creative solutions for kitchen and bathroom cabinetry, she is excited about the new challenge. "I focus on listening and truly hearing what each client wants from their project and strive to make the experience of remodeling their home an easy going and rewarding one," says Lese.

Honesty and integrity are the cornerstones on which Ispíri was established. "We are full-service, from conception to completion, with an extensive warranty program to cover our workmanship and products," Ispíri's owner Jason Fabio says. "We want to change people's perception of the construction industry - let them know there are honest, hard working companies out there that can help redesign and build their homes, and treat them fairly in the process."

Woodbury-based Ispíri (e•spear•e) is a full-service design, build, remodel firm serving clients in the Twin Cities and surrounding communities. With inspired in-house design services, meticulous project management and a strong client focus, Ispíri sets a new standard in the home building and remodeling industry.
