ISPÍRI PRINCIPAL EARNS CERTIFIED REMODELER DESIGNATION

Awarded through the National Association of the Remodeling Industry

Jason Fabio
Owner

St. Paul, MN, May 9, 2008 - Ispíri, a full-service design, build, remodel firm located in Woodbury is proud to announce that Jason Fabio has recently achieved the prestigious Certified Remodeler status. A Certified Remodeler designation proves the remodeling contractor's superior knowledge, technical comprehension and skill in remodeling.

NARI's CR program measures skill and expertise valued not only by other professional remodelers, but by consumers as well. Highly respected by those who have achieved the designation, the CR program identifies professional remodelers who have undergone comprehensive review and testing in areas of business management, ethical conduct, and technical skills. In addition, they must adhere to NARI's strict Standards of Practice and Code of Ethics. The NARI certification program assesses the knowledge and skills of the remodeler in over 20 remodeling task areas including business methods and practices, building codes and construction law, planning and building site layout, and all trades skills required in remodeling your home. Attaining this certification requires the candidate to have been working full time in the remodeling field for at least 5 years and passing a comprehensive assessment exam. Preparation for this exam takes up to 16 weeks of intensive study and self-examination.

"The NARI certification program was an intense and worthwhile endeavor," says Ispíri owner Jason Fabio. "Taking the time to focus on every aspect of the remodeling business has been extremely beneficial to me and will continue to reap benefits for my clients. I now offer a certified level of expertise which translates to maximized performance during any remodeling project."
